**Hear how YWCA's mission and programs align with some of UMW missions and find out how we can collaborate!**

For more than 111 years, YWCA Silicon Valley has identified the unique needs of Santa Clara County to deliver innovative programs to meet those needs. YWCA is part of a vibrant local, national and international movement that identifies and addresses emerging issues affecting women, children and families while eliminating racism, hatred and prejudice.

YWCA programs address core areas of domestic violence, human trafficking, sexual assault, housing, clinic and school-based counseling, violence prevention, childcare and STEM education.

***There is no charge to attend this event. We will do a free-will offering in support of this YWCA unit. Donations should be made to CPUMW – Tax ID 94-6034786.***
