

# El Camino Real District United Methodist Women Spiritual Retreat

***“It’s A New Day: Transformative Hope”***  
**April 16 and 17, 2021**

We're living in a time of reckoning about how we've been treating each other, other species and the planet, our shared, sacred home. Women are leading the way, morally, scientifically, politically, with community building and activism. We are focused on solutions that not only mitigate but that can repair, restore, regenerate.

***That's transformative hope.***

## **Special Speaker: Rev. Charlotte London Bear**

Rev. Charlotte is a spiritual leader, healthcare chaplain, former broadcast journalist, community advocate and activist, wife, mother and US Veteran. She has been a pastor in our District. Her focus is guiding people to reconnect with the sacredness of God's earth, to have an impact through collective action and to build community resilience in response to a dramatically changing planet. She is a certified Eco-Chaplain and is currently the Co-Chair of the large Silicon Valley Chapter of the Climate Reality Project.

**Please join us on Friday and on Saturday:**  
**April 16, 7:00pm-9:00pm for a Netflix Watch Party - featuring:**
